

The diagram shows a rectangular layout with two concentric borders. The outer border is orange and represents the 'bleed' area. The inner border is blue and represents the 'safety' area. The space between the orange and blue borders is labeled as the 'cut line'. Two arrows point from the text 'RED LINE IS THE CUT LINE' to the orange border. A horizontal double-headed arrow points from the text 'BLUE LINE IS THE SAFETY LINE' to the blue border. At the bottom, the finished size and size with bleed are specified.
